When You Need Services

Your physician can refer you to us by calling our office or writing a referral in the hospital prior to discharge.

If you feel you need home health care, call us directly with any questions or contact your physician's office.
Once we receive a referral you will be informed as to when we will provide services.

Special Services
Telehealth Monitoring

With Honeywell HomMed Monitoring System, we can manage patients everyday of the week.

• Provides a sense of security knowing a healthcare professional monitors patient health status daily.
• Reduces preventable ER visits and hospitalizations.
• Encourage self management, adherence to the plan of care and medication compliance.

Faster and more informed interventions result in greater peace of mind for the patient, physician and family.

The Cost of Home Telehealth Monitoring

• Medicare and commercial insurance patients who are referred to our agency and meet the selection criteria will be monitored at NO COST.

• Other individuals have the option of being monitored at a nominal fee.

Will My Insurance Cover These Services?

If you require skilled care, you are homebound and you have a physician's order, Medicare may cover the services you need.

Some private insurance and Medicare Advantage plans will cover services. We will be glad to investigate that for you.

Our services are also available on a private pay basis.

CHAP, Inc.

CHAP Accreditation
